

Key Operated 2 Position Selector

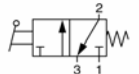

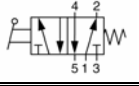

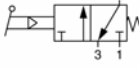

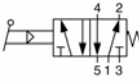

Key provides security for locking off air supply to equipment.

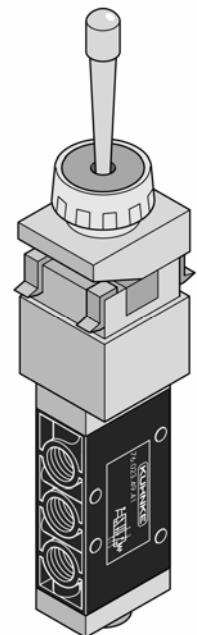

Description	Orifice (Body No.)	Port Size	Catalogue Number		
			Metric Ports Standard	NPT Ports (USA Std.)	
3/2 Normally Closed Maintained Position		6mm (1S)	1/8	76022-48-21	75022-48-21
5/2 Maintained Position		6mm (2S)	1/8	76023-48-41	75023-48-41
3/2 Air Pilot Assisted Normally Closed Maintained Position		6mm (1S)	1/8	76022-58-21	75022-58-21
5/2 Air Pilot Assisted Maintained Position		6mm (2S)	1/8	76023-58-41	75023-58-41

Wobble Stick

Moving stick in any direction operates valve. Spring return to off.

Description	Orifice (Body No.)	Port Size	Catalogue Number		
			Metric Ports Standard	NPT Ports (USA Std.)	
3/2 Normally Closed Spring Return		6mm (1S)	1/8	76022-49-21	75022-49-21
5/2 Spring Return		6mm (2S)	1/8	76023-49-41	75023-49-41
3/2 Air Pilot Assisted Normally Closed Spring Return		6mm (1S)	1/8	76022-59-21	75022-59-21
5/2 Air Pilot Assisted Spring Return		6mm (2S)	1/8	76023-59-41	75023-59-41

See page 14 for general information on miniature oil tight pushbutton valves.

Operating pressure range std. type- 0-10 bar; air piloted types minimum 2.5 bar. Actuation force: std. - 35 N, air pilot assisted types 8 N.

Above panel dim. are 28mm dia. x 12mm H (key) or 70mm H (wobble). Behind panel dimensions are 100mm (3/2), 115mm(5/2) D. x 35mm H x 20mm W.

For valve specifications see appendix. For detail dimensions contact factory.
